TERMS AND CONDITIONS AALBORG, DENMARK

SVITZER

1. The tariff outlines the services provided, charges, terms and conditions for the safe and efficient arrival, shifting and departure of ships at the port of Aalborg, effective from 1 January 2023.

2. The rates are charged based on length overall (LOA) X breadth extreme as published at maritime.lhs.com as prima facie source.

3. All rates are in DKK excluding VAT.

4. The rates are for berthing/shifting/sailing. The duration of assistance will count from the actual commencement of the job, or the time ordered for the job, whichever is the earliest, until the tug(s) is disconnected or released by the towage object, whichever is the latest.

5. All rates in the tariff apply 24/7.

6. Waiting surcharge is applicable when a tug has been ordered and ready, but unable to provide the service because it is kept waiting. This surcharge is payable independently of tug waiting in tug's station, en-route or alongside towage object and irrespectively of whether the total time of assistance is less than the maximum time duration.

7. Additional time surcharge is applicable if the service takes longer than the allowed

maximum time duration.

8. Two tugs of approx., 15 tons BP each are normally available in the port. Assistance with other tugs must be ordered for a firm time with 24 hours notice.

9. Firm orders can be placed during 07:00-18:00 hours on workdays with a minimum 4 hours notice before the firm time ordered for the job if the job involves local tugs. Firm orders placed at all other times require 8 hours notice. For other tugs than local tugs the same applies but 4 (8) hours to be replaced by 12 hours.

10. A Start up rate will be charged for tug orders, where it applies, that are cancelled within the time limits stipulated in clause 9.

11. Dead ship surcharge is applicable when services (whether secured with towline or not) are provided to vessels, not in distress, without normal main engine power and/or without steering within port limits.

12. Rates and terms for special services are available on request.

13. All services rendered by Svitzer, salvage services excluded, shall be subject to United Kingdom Standard Conditions for Towage and

Other services (revised 1986) ("UKSCT").

14. All orders received are subject to availability. Maximum notice remains in the interest of all concerned.

15. Where services are ordered by any intermediary, such as but not limited to a ship agent, freight forwarder or broker, the intermediary acknowledges that the vessel's owners, operators, masters, and agents have been informed of and have accepted the Terms and Conditions outlined in this tariff.

16. The intermediary shall provide Svitzer with the following: vessel name, IMO number, and the names of all parties directly associated with the vessel such as the vessel's owner(s), masters, operators, charterer, trader or other party involved, to establish customer identity in compliance with sanctions requirements.

17. Svitzer must not directly or indirectly be asked to provide services in relation to any vessel, person, entity or cargo in violation of all foreign trade control and export control legislation, regulations and sanctions, including those imposed by the United States, the United Kingdom, the European Union (EU), EU Member States, Switzerland, the United Nations or United Nations Security Council.

18. To enhance safety of all personnel, all heaving lines are to be as per industry best practice. Lack of weight will be rectified with a Svitzer safe heaving line weight. Heaving line weights deemed unsafe will be removed and replaced with a Svitzer safe heaving line weight. Svitzer reserves the right to impose a penalty for unsafe heaving lines.

19. A fuel surcharge may be applicable. Details of calculation method and surcharge amounts appear on the Europe Fuel surcharge table.

20. Payment for all services is due and shall be paid within 14 days of the invoice date without any discount, deduction, set-off, lien, claim or counter-claim. Invoices outstanding after 14 days are subject to an interest rate of 10% per annum. Payment to a ship agent, freight forwarder, broker or anyone other than Svitzer shall not be deemed payment to Svitzer and shall be made at the payer's sole risk.

1. This tariff outlines the services provided, charges and terms and conditions for the safe and efficient arrival, shifting and departure of ships at the Port of Copenhagen, Køge, Avedøre and Helsingør, effective from 1 January 2023.

2. The rates are charged based on length overall (LOA) X breadth extreme as published at maritime.ihs.com as prima facie source.

3. All rates are in DKK excluding VAT.

4. The rates are for berthing/shifting/sailing. The duration of assistance will count from the actual commencement of the job or the time ordered for the job, whichever is the earliest, until the tug(s) is disconnected or released by the towage object, whichever is the latest.

5. All rates in the tariff apply 24/7.

6. Waiting surcharge is applicable when a tug has been ordered and ready, but unable to provide the service because it is kept waiting. This surcharge is payable independently of tug waiting in tug's station, en-route or alongside towage object and irrespectively of whether the total time of assistance is less than the maximum time duration.

7. Additional time surcharge is applicable if the service takes longer than the maximum time

duration.

8. Preliminary notice information must be placed with minimum 4 and maximum 24 hours notice before the job. Subject to agreement with Svitzer operations, preliminary notice can be firmly ordered or changed with 1 hour notice without charge.

9. A Start up rate will be charged for tug orders, where it applies, that are cancelled within 4 hours from firm time ordered.

10. Dead ship surcharge is applicable when services (whether secured with towline or not) are provided to vessels, not in distress, without normal main engine power and/or without steering within port limits.

11. Rates and terms for special services are available on request.

12. All services rendered by Svitzer, salvage services excluded, shall be subject to United Kingdom Standard Conditions for Towage and Other services (revised 1986) ("UKSCT").

13. All orders received are subject to availability. Maximum notice remains in the interest of all concerned.

14. Where services are ordered by any intermediary, such as but not limited to a ship

agent, freight forwarder or broker, the intermediary acknowledges that the vessel's owners, operators, masters, and agents have been informed of and have accepted the Terms and Conditions outlined in this tariff.

15. The intermediary shall provide Svitzer with the following: vessel name, IMO number, and the names of all parties directly associated with the vessel such as the vessel's owner(s), masters, operators, charterer, trader or other party involved, to establish customer identity in compliance with sanctions requirements.

16. 17. To enhance safety of all personnel, all heaving lines are to be as per industry best practice. Lack of weight will be rectified with a Svitzer safe heaving line weight. Heaving line weights deemed unsafe will be removed and replaced with a Svitzer safe heaving line weight. Svitzer reserves the right to impose a penalty for unsafe heaving lines.

18. A fuel surcharge may be applicable. Details of calculation method and surcharge amounts appear on the Europe Fuel surcharge table.

19. Payment for all services is due and shall be paid within 14 days of the invoice date without any discount, deduction, set-off, lien, claim or counter-claim. Invoices outstanding after 14 days are subject to an interest rate of 10% per annum. (ii) "vessel" shall include any vessel, craft or object of whatsoever nature (whether or not coming within the usual meaning of the word "vessel") which the Tugowner agrees to tow or to which the Tugowner agrees at the request, express or implied, of the Hirer, to render any service of whatsoever nature other than towing.

(iii) "tender" shall include any vessel, craft or object of whatsoever nature which is not a tug but which is provided by the Tugowner for the performance of any towage or other service.

(v) Any service of whatsoever nature to be performed by the Tugowner other than towing shall be deemed to cover the period commencing when the tug or tender is placed physically at the disposal of the Hirer at the place designated by the Hirer, or, if such be at a vessel, when the tug or tender is in a position to receive and forthwith carry out orders to come alongside and shall continue until the employment for which the tug or tender has been engaged is ended. If the service is to be ended at or off a vessel the period of service shall end when the tug or tender is safely clear of the vessel or, if it is ended elsewhere, then when any persons or property of whatsoever description have been landed or discharged from the tug or tender and/or the service for which the tug or tender has been required is ended.

(vi) The word "tug" shall include "tugs", the word "tender" shall include "tenders", the word "vessel" shall include "vessels", the word "Tugowner" shall include "Tugowners", and the word "Hirer" shall include "Hirers".

2. If at the time of making this agreement or of performing the towage or of rendering any service other than towing at the request, express or implied, of the Hirer, the Hirer is not the Owner of the vessel referred to herein as "the Hirer's vessel", the Hirer expressly represents that he is authorised to make and does make this agreement for and on behalf of the owner of the said vessel subject to each and all of

these conditions and agrees that both the Hirer and the Owner are bound jointly and severally by these conditions.

3. Whilst towing or whilst at the request, express or implied, of the Hirer, rendering any service other than towing, the master and crew of the tug or tender shall be deemed to be the servants of the Hirer and under the control of the Hirer and/or his servants and/or his agents, and anyone on board the Hirer's vessel who may be employed and/or paid by the Tugowner shall likewise be deemed to be the servant of the Hirer and the Hirer shall accordingly be vicariously liable for any act or omission by any such person so deemed to be the servant of the Hirer.

4. Whilst towing, or whilst at the request, either expressed or implied, of the Hirer rendering any service of whatsoever nature other than towing:-

(a) The Tugowner shall not (except as provided in Clauses 4 (c) and (e) hereof) be responsible for or be liable for

(i) damage of any description done by or to the tug or tender; or done by or to the Hirer's vessel or done by or to any cargo or other thing on board or being loaded on board or intended to be loaded on board the Hirer's vessel or the tug or tender or to or by any other object or property; or

foregoing) negligence at any time of the Tugowner his servants or agents, unseaworthiness, unfitness or breakdown of the tug or tender, its machinery, boilers, towing gear, equipment, lines, ropes or wires, lack of fuel, stores, speed or otherwise and

(b) The Hirer shall (except as provided in Clauses 4(c) and (e)) be responsible for, pay for and indemnify the Tugowner against and in respect of any loss or damage and any claims of whatsoever nature or howsoever arising or caused, whether covered by the provisions of Clause 4(a) hereof or not, suffered by or made against the Tugowner and which shall include, without prejudice to the generality of the foregoing, any loss of or damage to the tug or tender or any property of the Tugowner even if the same arises from or is caused by the negligence of the Tugowner his servants or agents.

(c) The provisions of Clauses 4(a) and 4(b) hereof shall not be applicable in respect of any claims which arise in any of the following circumstances:-

(i) All claims which the Hirer shall prove to have resulted directly and solely from the personal failure of the Tugowner to exercise reasonable care to make the tug or tender seaworthy for navigation at the commencement of the towing or other service. For the purpose of this Clause the Tugowner's personal responsibility for exercising reasonable care shall be construed as relating only to the person or persons having the ultimate control and chief management of the Tugowner's business and to any servant (excluding the officers and crew of any tug or tender) to whom the Tugowner has specifically delegated the particular duty of exercising reasonable care and shall not include any other servant of the Tugowner or any agent or independent contractor employed by the Tugowner.

U.K. STANDARD CONDITIONS FOR TOWAGE AND OTHER SERVICES (REVISED 1986)

SVITZER

(ii) All claims which arise when the tug or tender, although towing or rendering some service other than towing, is not in a position of proximity or risk to or from the Hirer's vessel or any other craft attending the Hirer's vessel and is detached from and safely clear of any ropes, lines, wire cables or moorings associated with the Hirer's vessel. Provided always that, notwithstanding the foregoing, the provisions of Clauses 4(a) and 4(b) shall be fully applicable in respect of all claims which arise at any time when the tug or tender is at the request, whether expressed or implied, of the Hirer, his servants or his agents, carrying persons or property of whatsoever description (in addition to the Officers and crew and usual equipment of the tug or tender) and which are wholly or partly caused by, or arise out of the presence on board of such persons or property or which arise at anytime when the tug or tender is proceeding to or from the Hirer's vessel in hazardous conditions or circumstances.

(d) Notwithstanding anything hereinbefore contained, the Tugowner shall under no circumstances whatsoever be responsible for or be liable for any loss or damage caused by or contributed to or arising out of any delay or detention of the Hirer's vessel or of the cargo on board or being loaded on board or intended to be loaded on board the Hirer's vessel or of any other object or property or of any person, or any consequence thereof, whether or not the same shall be caused or arise whilst towing or whilst at the request, either express or implied, of the Hirer rendering any service of whatsoever nature other than towing or at any other time whether before during or after the making of this agreement.

(e) Notwithstanding anything contained in Clauses 4(a) and (b) hereof the liability of the Tugowner for death or personal injury resulting from negligence is not excluded or restricted thereby.

5. The Tugowner shall at any time be entitled to substitute one or more tugs or tenders for any other tug or tender or tugs or tenders. The Tugowner shall at any time (whether before or after the making of this agreement between him and the Hirer) be entitled to contract with any other Tugowner (hereinafter referred to as "the other Tugowner") to hire the other Tugowner's tug or tender and in any such event it is hereby agreed that the Tugowner is acting (or is deemed to have acted) as the agent for the Hirer, notwithstanding that the Tugowner may in addition, if authorised whether expressly or impliedly by or on behalf of the other Tugowner, act as agent for the other Tugowner at any time and for any purpose including the making of any agreement with the Hirer. In any event should the Tugowner as agent for the Hirer contract with the other Tugowner for any purpose as aforesaid it is hereby agreed that such contract is and shall at all times be subject to the provisions of these conditions so that the other Tugowner is bound by the same and may as a principal sue the Hirer thereon and shall have the full benefit of these conditions in every respect expressed or implied herein.

6. Nothing contained in these conditions shall limit, prejudice or preclude in any way any legal rights which the Tugowner may have against the Hirer including, but not limited to, any rights which the Tugowner or his servants or agents may have to claim salvage remuneration or special compensation for any extraordinary services rendered to vessels or anything

aboard vessels by any tug or tender. Furthermore, nothing contained in these conditions shall limit, prejudice, or preclude in any way any right which the Tugowner may have to limit his liability.

7. The Tugowner will not in any event be responsible or liable for the consequences of war, riots, civil commotions, acts of terrorism or sabotage, strikes, lockouts, disputes, stoppages or labour disturbances (whether he be a party thereto or not) or anything done in contemplation or furtherance thereof or delays of any description, howsoever caused or arising, including by the negligence of the Tugowner or his servants or agents.

8. The Hirer of the tug or tender engaged subject to these conditions undertakes not to take or cause to be taken any proceedings against any servant or agent of the Tugowner or other Tugowner, whether or not the tug or tender substituted or hired or the contract or any part thereof has been sublet to the owner of the tug or tender, in respect of any negligence or breach of duty or other wrongful act on the part of such servant or agent which, but for this present provision, it would be competent for the Hirer so to do and the owners of such tug or tender shall hold this undertaking for the benefit of their servants and agents.

9. (a) The agreement between the Tugowner and the Hirer is and shall be governed by English Law and the Tugowner and the Hirer hereby accept, subject to the proviso contained in sub-clause (b) hereof, the exclusive jurisdiction of the English Courts (save where the registered office of the Tugowner is situated in Scotland when the agreement is and shall be governed by Scottish Law and the Tugowner and the Hirer hereby shall accept the exclusive jurisdiction of the

Scottish Courts).

(b) No suit shall be brought in any jurisdiction other than that provided in sub-clause (a) hereof save that either the Tugowner or the Hirer shall have the option to bring proceedings in rem to obtain the arrest of or other similar remedy against any vessel or property owned by the other party hereto in any jurisdiction where such vessel or property may be found.

A fuel surcharge is applicable to all services. The surcharge is based on the monthly average metric tonne price of Marine Gas Oil (MGO) in North West Europe and the monthly average rate of exchange between USD and GBP, both as provided by an independent third party, Fuel Prices Online (www.fuelpricesonline.com). The average price for MGO and the average rate of exchange for month 1 will yield the surcharge level which will apply from the fifth day of month 2 until the fourth day of month 3. For example, the average MGO price for January and average rate of exchange for January will be used on each Port's matrix to generate the applicable Fuel Surcharge from 5th February until 4th March. This Fuel Surcharge matrix is valid until further notice. Any additional increases are subject the same formula.
